Governor - I just received via phone messages that you had called in regards to Annette Kreutzer's contact on your state blackberry. Annette's number as listed 465-5670 is her direct line - when she is not available I think Sunny probably answers for her. Also, the commissioner only just started carrying a cell phone and the number has been given to you and Mike only. The mail box has not been set up on it yet. Thanks, Janice

Dear Governor Palin,
I have asked my staff to do everything they properly can to expedite to process to obtain counsel for you. They are examining whether it is possible to get this list to you before Thursday.

You probably already know, but at lunch Mr. Katz announced to me that he and Sheri(sp?) (who was also at the lunch) were just married yesterday in Anchorage. They had been together for twenty two years and he wanted to be married here rather than in DC.

Very, very concerning the "untruths" coming from them. I am dumbfounded at this, as I have never worked in an organization where these unethical practices seem to go ignored and unanswered. The lack of accountability is appalling in all of this. It is so concerning, the damage that is being done and the public trust that is eroding, that we need to gather as much information as possible, including FOIA-ing emails, tapes, communications in all forms, regarding the untruthful information being spread to the public.

It is appalling to see and hear the untruths being spewed about the DPS budget and contract results... especially in light of how hard you all worked to increase funds and provide tools that DPS claimed they needed to do their job. Your recent op-ed was great but seems to have been overlooked by some.

There are continual untrue claims about what we "did to the union", and this is unfair to you, to the whole administration, and most importantly to all Alaskans who desire and deserve truth. Please share your ideas on how we can get the truth out there so attacks on your work product and our committment to public safety can be countered with the truth. Thank you

### America, the Burdened

By Tom Donohue, President and CEO

Congress may be in the middle of a month-long recess, many Washingtonians may have fled the sweltering weather for friendlier climes, and the town may have slowed to a crawl, but nothing can stop the inexorable march of the nation's massive regulatory system.

A recent report from the Competitive Enterprise Institute reminds Americans of the tremendous toll taken by the regulatory state--some $1.6 trillion annually. Anyone running a business needs no reminder. Tentacles of the regulatory beast reach into every aspect of business operations of firms both large and small.

The Coast Guard is suspending search efforts. They will follow up on new information, as it comes in, and they are encouraging all pilots in the area to remain vigilent in looking for evidence of a crash site. The search has been extensive, and thorough. All survival scenarios have been explored, and realistically ruled out. Most likely, they went down on a forested hillside, invisible from the air, and extremely remote from the ground.

We remain hopeful that they will be found someday to bring closure for their family and friends.

For us at DOR, we remember Brian as a good friend, an exceptional collegue, and just fun to be around. He will be greatly missed.

Our thoughts and prayers go out to his family.

Jerry Burnett will be serving as acting Deputy Commissioner.

Steve:

I'm not copying Jill on this because I want you to have control of this e-mail.

Tonight's story at 5 was horrifying. To bring up a sensational murder and rape, to throw in Monegan, and then to talk about phantom budget cuts with no attribution was simply appalling to the governor, as well as to me.

I e-mailed Jill twice on this point beforehand, but apparently it needs to be said over and over: The governor's office has done nothing. Nothing, nada, no way. There is no story here, at least as concerns us.

The personnel office within the Department of Administration sent out a message to *every* state department concerning non-permanent positions. My understanding is this is pretty much standard operating procedure, but in any case there was no effort to target a department, let alone a division within a department. This concerns all of state government, and is handled by Admin, not by the governor's office. By raising Monegan's firing in the intro, the obvious implication is that the governor has something to do with pending cuts in the cold case unit or elsewhere. (And what was meant by saying the troopers would learn their fate tomorrow? Says who?)

I pleaded with Jill to get her answers from the Department of Public Safety – it's their budget, after all – but all we saw was the union guy on the screen. If the acting commissioner and/or others are not commenting, then please say so. Don't leave the impression that the governor's office is stonewalling. This has nothing to do with us.

And it sure would be nice to know where all of this is coming from. Jill cited no sources for these alleged budget cuts.

I would like a response, please.

--Bill

Kami Clark (IT) came over on Monday, 8/4. My understanding is that this had been coordinated by Mike Nizich with the Governor's Office IT staff. Susan merely answered the phone call that day and notified me when they were to arrive that morning. As far as staff was concerned they thought it was regular maintenance.

I apologize for not notifying you of this; I thought you were aware that this was taking place.

We worked out a search process today that I believe should work for everyone. Basically it is as follows:

1. Branchflower does not get possession of any electronic device.
2. The agency performs the search and compiles a log of documents that are confidential.
3. Then Law reviews the remaining docs and compiles a log of docs that are privileged.
4. Branchflower gets the remaining docs and the two logs.

He indicated he has no intent to search personal e-mail accounts, but wants to use personal e-mail addresses as search terms for docs on state accounts but only if that person uses their personal e-mail address for official business.

We can discuss whenever convenient.

No worries about today's phone call.

Mike B.

She had another IT staff meet her to carry the computer. The hard drive was copied and then returned to the bedroom. Apparently Kami was asked to do this after the reception that took pace on August 2nd. Janice

Governor,

It was only Kami Clark who went into the master bedroom and Todd's office and she was only at each of the desks to have access to the computers.

To transport them, one other person helped her, but she was the only IT staff to have access to the 2nd floor.

I would like to speak with someone regarding the rules that govern ASAA in regards to school athletics. There are some real inconsistencies in how these rules are followed and who is allowed to play and who is not. I understand that there needs to be some rules in place to keep students from jumping from school to school chasing a sports career, but there are major injustices in how the rules are written and being enforced.

Thank you for your time.

It is appalling to see and hear the untruths being spewed about the DPS budget and contract results... especially in light of how hard you all worked to increase funds and provide tools that DPS claimed they needed to do their job. Your recent op-ed was great but seems to have been overlooked by some.

There are continual untrue claims about what we "did to the union", and this is unfair to you, to the whole administration, and most importantly to all Alaskans who desire and deserve truth. Please share your ideas on how we can get the truth out there so attacks on your work product and our committment to public safety can be countered with the truth. Thank you

Now that the 2008 Legislative Session is over we turn our attention to the upcoming 2009 Session and the elections preceding it. Although several of our bills did not pass in 2008 **we made significant progress toward our ultimate goals of repealing Tier IV,** Military buy-back; and Presumptive Liability. Rest assured that **these fights are far from over** - we will continue the pressure until we prevail. We have scheduled a PR planning meeting for May 22nd during which we will frame our long-term PR and political strategy for better funding, work conditions and compensation packages statewide. **There is a real disconnect between the Governor and public safety and I believe that she doesn't know that she doesn't know - I think it is called unconsciously incompetent.** As we partner with AFSCME personnel and resources and create structure and consistency to our approach I encourage all to be ready and willing to

participate as much as possible. It is up to our collective body to insure that our agenda is heard, acknowledged, and properly addressed. Naturally, we will be carefully examining Federal, State, and Local political candidates and their positions on our issues. We will also be visiting regularly with these politicians between now and the 2009 session. As we provide updates on our findings and assessments please be unafraid to let your voices be heard. Good Morning Governor Palin, I want to thank you for the great news on the Permanent Fund and Energy Relief. You have made many people happy with your great work as Governor. I also read about somebody in Anchorage who is unhappy with you. I did not read but the first sentence and thought it was a lot of garbage. You are doing great. Thank you again. Clifford Johnson.

Governor, I am confident that once we get new leadership in the department this misinformation will get fixed. We do not have any support there at the moment it is painfully obvious who is running the department right now and our temp management is not doing anything to respond. It will get corrected soon.

This is all unbelievable. I am thankful that Bill sent this. Don't know what else to say or do about any of the biased, unfair reports that are being fed to Alaskans. Tonight's "trooper cuts" stories take the cake.
Hopefully Karen and Annette can get the truth out there, and DPS personnel will participate in the truth-telling that Alaskans desire and deserve to hear.
Wonder where lawmakers are on this, as they approved the trooper increases we fought for.

Steve:

I'm not copying Jill on this because I want you to have control of this e-mail.

Tonight's story at 5 was horrifying. To bring up a sensational murder and rape, to throw in Monegan, and then to talk about phantom budget cuts with no attribution was simply appalling to the governor, as well as to me.

I e-mailed Jill twice on this point beforehand, but apparently it needs to be said over and over: The governor's office has done nothing. Nothing, nada, no way. There is no story here, at least as concerns us.

The personnel office within the Department of Administration sent out a message to *every* state department concerning non-permanent positions. My understanding is this is pretty much standard operating procedure, but in any case there was no effort to target a department, let alone a division within a department. This concerns all of state government, and is handled by Admin, not by the governor's office. By raising Monegan's firing in the intro, the obvious implication is that the governor has something to do with pending cuts in the cold case unit or elsewhere. (And what was meant by saying the troopers would learn their fate tomorrow? Says who?)

I pleaded with Jill to get her answers from the Department of Public Safety – it's their budget, after all – but all we saw was the union guy on the screen. If the acting commissioner and/or others are not commenting, then please say so. Don't leave the impression that the governor's office is stonewalling. This has nothing to do with us.

And it sure would be nice to know where all of this is coming from. Jill cited no sources for these alleged budget cuts.

I would like a response, please.

—Bill

Dear Governor,

Just checking in to see how are you doing, how is the newly born doing and to let you know I am plowing along with the promo. The stuff I got with you is great, quality, really looking good. thank you again for your time and patience. My problem actually is how in the world can I create a short promo with so much meaningful material. good problems to have, I guess...
I will keep you informed as I move along. and...we had our own little addition: happy to let you know that a new "Frank" baby-boy joined us Saturday, 3.5 Kg (7.12 Lb.), 20 inches, looks beautiful, like his mom, who is recovering from the C-section in the hospital. She is fine, just exhausted and enduring pain from the 'cutting'. The very proud father is also fine, no real pain...

lots of good health and wishes to you, Todd and all the off springs...

All the best,
Elan

Governor - I just received via phone messages that you had called in regards to Annette Kreutzer's contact on your state blackberry. Annette's number as listed 465-5670 is her direct line - when she is not available I think Sunny probably answers for her. Also, the commissioner only just started carrying a cell phone and the number has been given to you and Mike only. The mail box has not been set up on it yet. Thanks, Janice
